EnMOs mark Month of the Ocean through region-wide coastal cleanups

The Environmental Management Bureau (EMB) Region 8 participated in several coastal cleanups in Eastern Visayas during the national celebration of the Month of the Ocean last May, thanks to the efforts of environmental monitoring officers (EnMOs) across the region.

In collaboration with the provincial, municipal, and community environment and natural resources offices, local government units, and other government agencies, the EnMOs were able to conduct cleanups along the coastal areas of Marabut, Samar; Borongan and Hernani, Eastern Samar; Catarman, Northern Samar; and Naval, Biliran.

Anchored on the theme “Protect and Restore Ecosystems and Biodiversity,” the said actions aim to raise awareness and build consistent relationships with different sectors in the restoration and protection of our oceans and other bodies of water.
